TOGO'S REPORT.

Japanese Admiral Tells of Sinking of Hatsuse and Yoshino Off Port Arthur.

(By Associated Press.)
TOKIO, May 20. A. M.—Vice-Admiral Togo's full report is as follows:
"It is regrettable to have to report a third misfortune. At 5 o'clock Sunday morning I received a wireless message from Rear-Admiral Dewa, saying that on that day at 5 in the morning, while returning from the work of blocking the mouth of the Shan Tung promontory, the Russian cruiser Hatsuse, and the Russian torpedo boat Yoshino, which was sunk, boats from the Kasuga saved ninety of her crew. The dense fog still continues."

"This has been a most unfortunate day for our navy. While the fleet was watching the enemy off Port Arthur the Hatsuse was sunk, and the Russian torpedo boat Yoshino was damaged. She sent a message for a ship to tow her, which was being sent, when another message brought the lamentable report that the Hatsuse had struck another ship. The Hatsuse was afloat, but the Russian torpedo boat Yoshino was sunk. No enemy was in sight. It must have been a mine or submarine boat. Three hundred of the officers and crew were saved. The Hatsuse sank in thirty minutes. While sinking sixteen of the enemy's torpedo craft appeared and were driven off."

"Our fleet report is somewhat vague on account of the fact that some messages were received by wireless telegraphy."

"A squadron of Japanese cavalry, which left Kuan-Dian-San on May 17th for Salmai, was repulsed by one of our patrols at Schago, twelve miles from Kuan-Dian-San. The patrol retired without loss."

"Japanese infantry, two thousand strong, advanced May 15th towards Salmai, which was evacuated May 16th."

To Take Port Arthur by Storm.
(By Associated Press.)
CHICAGO, ILL., May 20.—A special to the Daily News from Tokyo says:
Port Arthur is to be taken by storm. The Japanese have completed their preparations for the assault have yet to be placed in position, and the land forces appointed for the assault have to be strengthened. The unexpected success of the Japanese in the capture of the fortress was a great blow to the Russian fleet, and it is stated that the waters where the Japanese ships are forced to manoeuvre are becoming so dangerous because of floating mines that heroic measures are imperative."

"It is thought that life will be economized by storming the stronghold and eliminating it and the adjacent waters from the area of actual conflict."

Repulsed Russians.

(By Associated Press.)
TOKIO, May 20. P. M.—The following official statement has just been issued here:

Our casualties were one officer and four men killed and one officer and eight men wounded. The Russian casualties were one officer and forty to fifty men killed."

Eruptions

Dry, moist, scaly tetter, all forms of eczema or salt rheum, pimples and other cutaneous eruptions proceed from humors, either inherited, or acquired through defective digestion and assimilation.

To treat these eruptions with drying medicines is dangerous. The thing to do is to take Hood's Sarsaparilla and Pills.

Which thoroughly cleanse the blood, expelling all humors and building up the whole system. They cure. Accept no substitute.

pitched battle was not fought, but rumor was that there was considerable loss on both sides during the clashes, with the Cossacks harassing the flank of the Japanese. This position presumably was executing a reconnaissance. The pursuit was checked when the main body of the Japanese was rejoined.

This news apparently accounts for the withdrawal to an unknown destination of warships and transports from Tower Hill, ten miles north of Kai Chou, Liao Tung peninsula, and of renewed defensive activity at New Chwang.

No news has been received here from Port Arthur.
